Once again, we achieved outstanding results the night of the event raising \$605,000. This revenue will strengthen our presence in Namibia providing assistance to children affected by HIV/AIDS.

Stephen Lewis was a passionate and moving guest speaker. His experiences living and working in Africa over the past decade have not only given him great insight into the day to day struggles of children affected by HIV/AIDS but have strengthened his resolve to make a difference in their lives.

UNICEF is guided by the vision that every child should grow in health, peace and dignity. Support for this event has given us much needed funds to help ensure this vision becomes reality.

Chefs for UNICEF 2008 Gala will be held on Saturday, October 25 at the Hyatt Regency Calgary. Tables and tickets are available for purchase through the Regional office. For more information please contact us at (403) 270-2857.
