

# GENESIA 2008

*Fashion show, multimedia art exhibit, theatrics, music, tapas  
and drinks, door prizes...*

GENESIA 2008 is a soirée designed to gather and entertain individuals from diverse fields while showcasing a variety of young talent in an open-minded and welcoming environment. Organised by designer Sophy Mys, the fashion show will include a line of evening dresses inspired by nature and partially created with recycled materials. Modelled in part by “authentic women”, each piece will be unique and based on the four elements – earth, air, fire and water.

*In partnership with UNICEF, all profits will help raise support  
for the young victims of HIV and AIDS.*
